Equal Opportunity Employer

The district is an equal opportunity employer and does not discriminate on the basis of race, color, national origin, sex, age, disability, or religion in admission or access to or treatment or employment in its programs and activities. If you have questions regarding the above, please contact the Title IX Coordinator or the Section 504 Coordinator in the Office of the Superintendent of Schools, 323 West 12th Street, Hays, Kansas 67601 Telephone (785) 623-2400.

The board shall hire employees on the basis of ability and the district's needs.

Mission Statement

The mission of USD 489 is to provide a quality learning experience for every child in every classroom every day.

Employment Categories

It is the intent of USD 489 to clarify the definitions of employment classification so that employees understand their employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. Accordingly, the right to terminate the employment relationship at will at any time is retained by both the employee and USD 489.

Each USD 489 classified employee will belong to one of the employment categories listed below:

- **REGULAR FULL-TIME** employees are those who are assigned to work a minimum of thirty (30) hours per week, and twelve (12) months per year. Generally, they are eligible for USD 489's benefit package.
- **MONTHLY** employees are those assigned to work a minimum of thirty (30) hours per week, but less than twelve (12) months per year. Monthly employees are eligible for partial to full benefits sponsored by USD 489, based upon the number of hours they work per week.
- **PART-TIME** employees are those assigned to work less than thirty (30) hours per week. Part-time employees *may* be eligible for partial benefits sponsored by USD 489, based upon the number of hours they work per week.
- **SUBSTITUTE** employees are those hired as interim replacements, to temporarily supplement the work force or to assist in the completion of a specific project. Substitute employees receive all legally mandated benefits (such as worker's compensation insurance and social security), but are ineligible for all of USD 489's other benefit programs.

None of the above definitions shall be construed as a guarantee of employment for any period of time and all classified employees listed above are employees at will.

Requirements of Employment

Physical Health Examination

As a condition to entering employment, new employees are required to have a routine physical examination before they will be allowed to work. The employee must present a district-approved form to the Human Resource Department that states “*that there is no evidence of physical condition that would conflict with the health, safety, or welfare of the pupils; and that freedom from tuberculosis has been established. If at any time there is a reasonable cause to believe that any employee is suffering from an illness detrimental to the health of the pupils, the school board may require a new certification of health.*” (K.S.A. 72-5213). The expense of obtaining the initial certificate of health will be the responsibility of the employee. During national shortages of tuberculin, employees must complete the Tuberculosis Symptom Screening Questionnaire Deferral Form or get a Chest X-Ray to out rule disease. The form must be witnessed and overlooked by a health care professional, and once the shortage has been resolved the employee *must* get a Tuberculosis Skin Test if they have not already completed a chest x-ray.

Immigration Law Compliance

In compliance with the Immigration Reform and Control Act of 1986, each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility. Former employees who are rehired must also complete the form if they have not completed an I-9 with USD 489 within the past three years, or if their previous I-9 is no longer retained or valid. This process must be completed prior to beginning work for the district.

Employees with questions or seeking more information on immigration law issues are encouraged to contact the HR/Payroll department.

Criminal Background Check

USD 489 requires all candidates selected for employment to submit to a Kansas Bureau of Investigation criminal background check. A discrepancy between the job application and the background check by omission or false statement may be grounds for termination.

The Hays School District is committed to providing a safe environment for students to learn. As part of this effort, in accordance with this policy, the district will require criminal background checks of all employees.

Definitions

Criminal Background Check Sources –

- Kansas Bureau of Investigation – Online criminal background check
- Kansas Bureau of Investigation – Kansas registered offender search
- Kansas Bureau of Investigation – KASPER
- NSOPW (Dept. of Justice) – National Sex Offender search
- Criminal Background Records – Multi-State online criminal background check

Employees

The district will conduct criminal background checks in accordance with law on all new employees prior to the employees first day of work.

Any offer of employment is contingent upon the satisfactory outcome of the criminal background check, when required by the district. The district has the sole and absolute discretion to determine whether the outcome is satisfactory.

Updating Information

The district reserves the right to require any employee to submit to additional criminal background checks at the district's expense or to rerun background checks at any time.

Any employee refusing to submit to a background check may be disciplined or terminated.

District Notification

As a condition of continuing to work within the district, all employees and other persons required to submit to a criminal background check pursuant to this policy must notify the district if they are charged, convicted, plead guilty to or are otherwise found guilty of any misdemeanor or felony, regardless of the imposition of sentence. This notification must be made as soon as possible, but no later than five business days after the event.

Confidentiality

Information received by the district pursuant to a criminal background check is confidential. Except as allowed by law, the district will only use this information for the district's internal purposes in determining the suitability of an applicant, employee, volunteer or other worker on district property. The district will keep this information in a location that is only accessible to persons who need to know the information to carry out their responsibilities with the district. Any person submitting to a criminal background check may view their background check information received by the district.

Consequences

The superintendent or designee is directed to exclude from employment or to take action to terminate individuals whose criminal background checks reveal that they have exhibited behavior that is violent or harmful to children or adults, or relates with the prospect job.

Non-Disclosure

The protection of confidential business information and trade secrets are vital to the interests and success of USD 489. Such confidential information includes, but not limited to the following:

- Computer processes
- Computer programs and codes
- Technological data

Employees who are exposed to confidential information may be required to sign a non-disclosure agreement as a condition of employment. Employees who improperly use or disclose trade secrets or confidential business information will be subject to disciplinary action up to and including termination of employment, and legal action, even if they do not actually benefit from the disclosed information.

Disability Accommodation

USD 489 is committed to complying fully with the Americans with Disabilities Act (ADA) and ensuring equal opportunity in employment for qualified persons with disabilities. All employment practices and activities are conducted on a non-discriminatory basis, in accordance with ADA and all other applicable federal, state, and local laws.

Reasonable accommodation is available to all disabled employees, where their disability affects the performance of job functions. All employment decisions are based on the merits of the situation in accordance with defined criteria, not the disability of the individual.

Qualified individuals with disabilities are entitled to equal pay and other forms of compensations as well as in job assignment classifications, organizational structures, position descriptions, lines of progression and seniority lists.

Employment Reference Checks

To insure that individuals who join USD 489 are well qualified and have a strong potential to be productive and successful, it is the policy of USD 489 to check the employment references of all applicants.

USD 489 will respond to all reference check inquiries from other employers. Responses to such inquiries may confirm dates of employment, wage rates, position(s) held and objective and factual information concerning job history and work performance.

Employment Applications

USD 489 relies upon the accuracy of information contained in the employment application, as well as the accuracy of other data presented throughout the hiring process and employment. Any misrepresentations, falsifications, or material omissions in any of this information or data may result in the exclusion of the individual from further consideration for employment, or if the person has been hired, termination of employment.

Personnel Data Changes

It is the responsibility of each employee to promptly notify USD 489 of any changes in personnel data.

Personal mailing addresses, telephone numbers, number and names of dependents, individuals to be contacted in the event of an emergency, educational accomplishments and other such status reports should be accurate and current at all times. If any personnel data has changed, notify the payroll office at the Rockwell Administration Center of the changes.

Performance Evaluation

Supervisors and employees are required to discuss job performance and goals on a regular basis. All classified employees will be evaluated at least once during each year. A copy of the written performance evaluation will be provided to the evaluated employee and a copy will be placed in the employee's personnel file

Reasonable Assurance

Kansas Employment Security Law prohibits employees who work for an educational institution from receiving unemployment benefits during regularly scheduled breaks of employment. These scheduled breaks would include scheduled time off for summer, spring and winter. Any employee who has the reasonable assumption of continuing in the same or similar employment following any or all of these scheduled breaks would be ineligible for unemployment benefits. This includes employees of certified, classified and substitute status, so long as the employee is paid directly by the school district and not a contracted service.

Discipline: Progressive Discipline Policy and Procedure

Purpose

Our progressive discipline policy and procedure is designed to provide a structured corrective action process to improve and prevent a recurrence of undesirable behavior and/or performance issues. It has been designed consistent with our organizational values, HR best practices, and employment laws.

Outlined below are the steps of our progressive discipline policy and procedure. The District Administration reserves the right to combine or skip steps depending upon facts of each situation and the nature of the offense. The level of disciplinary intervention may also vary. Some of the factors that will be considered depend upon whether the offense is repeated despite coaching, counseling and/or training, the employee's work record and the impact the conduct and performance issues have on our organization.

Procedure

Step 1: Verbal Warning

Step 1 creates an opportunity for the immediate supervisor to speak with an employee to bring attention to the existing performance, conduct or attendance issue. The supervisor should discuss with the employee the nature of the problem or violation of district policies and procedures. The verbal warning will be documented by the supervisor using the district Disciplinary Notice form and placed in the employee's personnel file. The employee should submit, sign, and date any written comments that the employee desires to accompany the verbal warning.

Step 2: Written Warning

If any problem arises which, in the discretion of the employee's supervisor, is serious enough to warrant a written warning, the supervisor will meet with the employee and review any additional incidents or information about the performance, conduct or attendance issues as well as any prior relevant corrective action plans. The written warning and corrective procedures will be documented by the supervisor and employee using the district Disciplinary Notice form and placed in the employee's personnel file.

Step 3: Final Written Warning

Whenever an employee has been involved in a disciplinary situation that has not been readily resolved or when he/she has demonstrated an inability to perform assigned work responsibilities efficiently, through the Progressive Discipline Policy steps 1 and 2, a final written warning may be issued. The district Disciplinary Notice form will be completed and placed in the employee's personnel file.

Step 4: Termination of Employment

The last and most serious step in the progressive discipline procedure is termination of employment. Generally, District Administration will try to exercise the progressive nature of this policy by first providing warnings and a final written warning before proceeding to termination of employment. However, District Administration reserves the right to combine and skip steps depending upon the circumstances of each situation and the nature of the offense. Furthermore, employees may be terminated without prior notice or disciplinary action.

Nothing in this policy provides any contractual rights regarding employee discipline or counseling nor should anything in this policy be read or construed as modifying or altering the employment-at-will relationship between Hays Unified School District No. 489 and its employees.

Performance and Conduct Issues Not Subject to Progressive Discipline

Behavior that is illegal is not subject to progressive discipline and may be reported to local law enforcement. Theft, intoxication at work, fighting and other acts of violence are also not subject to progressive discipline and may be grounds for immediate termination.

Equipment and Supplies

Appropriate Use of Equipment and Supplies

Use of equipment and supplies is for the performance of official and approved assignments only. Use of district equipment or supplies for personal projects is prohibited.

Intellectual Property

See Board of Education Policy 5.608.

Secure Files

All employees must secure files containing confidential information.

Copying and Duplicating

The copyright laws of the United States makes it illegal for anyone to duplicate copyrighted materials without permission. Severe penalties are provided for unauthorized copying of all materials covered by the act unless the copying falls within the bounds of the “fair use” doctrine. Any duplication of copyrighted materials by district employees must be done with permission of the copyright holder or within the bounds of “fair use,” as set forth in board policy.

However, this is not to be construed as setting a time limit on complaints under Appendix A - Title IX or Appendix B - Sexual Harassment.
2. If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board of education shall appoint an investigating officer. In other instances, the investigation shall be conducted by the superintendent or appointee. The investigation shall be informal but thorough. Appendix B

Sexual Harassment

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment will not be tolerated by the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events.

Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy by any employee shall result in disciplinary action, up to and including termination.

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning an employee's job status.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved.

Employees who believe that they have been subjected to sexual harassment should discuss the problem with their immediate supervisor. If an employee's immediate supervisor is the alleged harasser, the employee should discuss the problem with the building principal or the district compliance officer as designated annually by the board of education.

Employees who do not believe that the matter is appropriately resolved through this meeting may file a formal complaint under the district's discrimination complaint procedure (see Appendix A - Title IX).

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, persuasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent/guardian and employee handbooks as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually, (revised 2/15/99)

ASBESTOS

Dear Parents, Students, and Staff:

The Asbestos Hazard Emergency Response Act (AHERA) was enacted in 1986 by Congress to determine the extent of and develop solutions for asbestos-related problems within our schools.

USD 489 has developed and affected an Asbestos Management Plan for all school facilities within the district. This plan meets all the requirements enacted by federal regulations.

The district began implementation of the Management Plan in January of 1989. A three-year re-inspection of all district facilities is required by federal regulation and is conducted by a certified asbestos inspector. A three-year re-inspection was done in 2013, and the next re-inspection is scheduled for spring 2016. Additionally, the district's Asbestos Program Manager conducts a semi-annual inspection. All asbestos conditions have been put into a non-friable state through removal or O&M repair. All repaired conditions will be managed in place through monitoring and inspections as indicated above. No additional removal is anticipated.

The Management Plan is available for your review in the main office of each school site and at the Rockwell Administration Center at 323 West 12th Street, Hays, Kansas. These records are available to the public upon request.

The district continues to welcome contact and comments from its patrons. We plan to take whatever steps necessary to ensure your children and employees of the district have a safe and healthy environment in which to learn and work.

Appendix O
**EMPLOYEE RIGHTS AND RESPONSIBILITIES
UNDER THE FAMILY AND MEDICAL LEAVE ACT**

Basic Leave Entitlement

FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons:

- For incapacity due to pregnancy, prenatal medical care or child birth;
- To care for the employee’s child after birth, or placement for adoption or foster care;
- To care for the employee’s spouse, son or daughter, or parent, who has a serious health condition; or
- For a serious health condition that makes the employee unable to perform the employee’s job.

Military Family Leave Entitlements

Eligible employees with a spouse, son, daughter, or parent on active duty or call to active duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include attending certain military events, arranging for alternative childcare, addressing certain financial and legal arrangements, attending certain counseling sessions, and attending post-deployment reintegration briefings.

FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered service member during a single 12-month period. A covered service member is a current member of the Armed Forces, including a member of the National Guard or Reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the service member medically unfit to perform his or her duties for which the service member is undergoing medical treatment, recuperation, or therapy; or is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections

During FMLA leave, the employer must maintain the employee’s health coverage under any “group

health plan” on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued prior to the start of an employee’s leave.

Eligibility Requirements

Employees are eligible if they have worked for a covered employer for at least one year, for 1,250 hours over the previous 12 months, and if at least 50 employees are employed by the employer within 75 miles.

Definition of Serious Health Condition

A serious health condition is an illness, injury, impairment, or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee’s job, or prevents the qualified family member from participating in school or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment.

Use of Leave

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer’s operations. Leave due to

qualifying exigencies may also be taken on an intermittent basis.

Substitution of Paid Leave for Unpaid Leave

Employees may choose or employers may require use of accrued paid leave while taking FMLA leave. In order to use paid leave for FMLA leave, employees must comply with the employer's normal paid leave policies.

Employee Responsibilities

Employees must provide 30 days advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days notice is not possible, the employee must provide notice as soon as practicable and generally must comply with an employer's normal call-in procedures.

Employees must provide sufficient information for the employer to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a health care provider, or circumstances supporting the need for military family leave. Employees also must inform the employer if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also may be required to provide a certification and periodic recertification supporting the need for leave.

Employer Responsibilities

Covered employers must inform employees requesting leave whether they are eligible under FMLA. If they are, the notice must specify any additional information required as well as the employees' rights and responsibilities. If they are not eligible, the employer must provide a reason for the ineligibility.

Covered employers must inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employee's leave entitlement. If the employer determines that the leave is not FMLA-protected, the employer must notify the employee.

Unlawful Acts by Employers

FMLA makes it unlawful for any employer to:

- Interfere with, restrain, or deny the exercise of any right provided under FMLA;
- Discharge or discriminate against any person for opposing any practice made unlawful by FMLA or for involvement in any proceeding under or relating to FMLA.

Enforcement

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

FMLA does not affect any Federal or State Law prohibiting discrimination, or supersede any State or local law or collective bargaining agreement which provides greater family or medical leave rights.
